**OCTOBER**  
**2014**

To Our Valued Customers,

I am writing this to you while sitting in our crane truck at Motu School transition point during the iconic Motu Challenge multi-sport event. It is an amazing event to witness. We have been providing the portaloos for the last 10 years. The army of volunteers, many of whom have been doing it for 20 years, are an extremely dedicated bunch. No matter what the weather they turn up with a cheery attitude marshalling the spectators and encouraging the competitors. I reckon it must be the largest group of volunteers for any event run in Opotiki. It is one of the reasons Opotiki is the best place in NZ to live.

The elections are done for another 3 years, with the result being a vote for common sense and stability in the midst of a very unstable world.

I was hoping to have these accounts out to you last week but we have been extremely busy, and to add to it have at times had 3 of our valuable team away on holiday or suffering illness. Everyone is back at work this week – whoopee!

This year's "Summer Collection" is proving a real winner. Those lovely little numbers LC18, LC19A and LC19AP have really caught people's eye. It's not surprising, with the latest top quality Briggs & Stratton ready start engine combined with a Husqvarna mower carrying a 325 year heritage and a 5 year domestic warranty. What more could you ask for?

But wait....there's more. Every purchase of any Husqvarna petrol powered product makes you eligible to win \$10,000 worth of Husqvarna product – what a deal!!

We not only offer you a fantastic range of product but we can back them with full after sales service from a qualified and experience team. Jamie is a qualified Briggs & Stratton Master Service Technician and recently was awarded the Gold Medal certificate from the Husqvarna University for completing a comprehensive product training course. Servicing what we sell is an important part of the package.

## **Thought For The Month:**

A farmer was driving his tractor along the road with a trailer load of fertilizer. Tim, a little 8 year old boy was playing in his yard when he saw the farmer and asked, "What've you got in your trailer?" "Manure", replied the farmer.

"What are you going to do with it?" asked Tim.

"Put it on my strawberries", answered the farmer.

Tim replied, "You ought to come and eat with us, we put ice cream on our strawberries."

Have a great month. All the best from your friendly team at
