Christmas
Greetings

Seasons greetings everyone,

This should have been in your hands last week, but I reckon the days are getting shorter not longer – or are we trying to cram too much into them??

The Don is going to make America great again – tall order me thinks. Saw a neat quote “Make America kind again.” A much more worthwhile goal. We now have Billy in the hot seat here trying to make a good fist of what he has been left with. I think we all, at times, wish we could just pull the pin and resign from our areas of responsibility and head off to Hawaii. But for the vast majority it is more a dream than a possibility.

*Some people want a big house, a fast car and lots of money.
Some people want a cabin in the woods away from those kind of people!!*

Family Time

It's what this time of the year is great for. Last Sunday our whole family met at the Whitehouse in Whakatane for a very relaxed early Christmas lunch. It was great enjoying their company and especially our 5 grandchildren. The best part was the ladies could just do nothing, but relax and enjoy it. And the kids all enjoyed getting early Christmas presents, rather than the whole lot on Christmas day.

*As we grow older our Christmas list gets smaller,
and we find out that the things we really want can't be bought. How true!*

Great Christmas Buys

For those who are on the lookout for gifts that are useful and will be appreciated by the recipient you must call in and check out our range of tools, safety gear and especially the Husqvarna range of products.

We already have a number of ladies (and gents) who really have been impressed with their purchase of the battery powered Husqvarna products. So guys, if you want to earn some brownie points with ease, treat your lady to some of the easiest starting, user friendly machines on the market today.

Now, if you REALLY want to impress the lady of the house, check out the very latest battery powered pivot steer ride-on mower from Husqvarna. It is awesome – no belts, no pulleys, no fuel, no worries. Just jump on and cruise around your lawn. All this for just \$7499 incl. GST.

Other great petrol-powered specials are:

- The 122cc Husqvarna weedeater, was \$279 now only \$194 – now that is a good buy!
- Husqvarna 122LK Detachable Trimmer for \$349 down from \$399. There are 9 different attachments which can be purchased for this trimmer. It comes complete with a weedeater attachment included in the \$349 price.
- The 2-stroke blower for a very sharp \$319 has been selling very well too. Call in and check out the great range of products we have to tempt your urge to act like Santa.

*I don't mean to brag, but I just put a puzzle together in one day,
and the box said 2-4 years!!*

Generators

The tragic plane accident and power outage in Gisborne meant we were cleaned out of generators both for hire and for sale quite quickly on Monday. A number of customers were able to take advantage of the very good specials we are running at present on generators, especially the Briggs & Stratton range from 2 - 9 kW.
