ROBIN, BRIGGS & STRATTON ~ HONDA POWER PRODUCTS ~ PROTECTIVE PAINTS
DAB & DAVEY PUMPS ~ FIRE EXTINGUISHERS ~ AEGIS VIRGIN OILS

JUNE
2017

To Our Valued Customers,

With the shocking events that have taken place in the United Kingdom in the past few weeks, it's hard to see anything positive come from it.

But in the words of US TV personality, Fred Rogers:

"There was something my mother said that I've always remembered: 'Always look for the helpers,' she'd tell me. 'There's always someone who is trying to help.' I did, and I came to see that the world is full of doctors and nurses, police and firemen, volunteers, neighbours and friends who are ready to jump in to help when things go wrong."

And she couldn't have been more right. It's always in the days after a tragedy, that stories of ordinary people doing heroic feats come to light. People who risk their own lives to save complete strangers, people who put others before themselves and go out of their way to help their fellow men and women. People who continue to show there is good in the world.

All the darkness in the world cannot extinguish the light of a single candle.

In lighter news, it's awesome to see our boys show the sailing world how it's done in the America's Cup. While they've made a few mistakes here and there, plus the rather disastrous capsizing on Wednesday, the boat speed seems to be there and when they do get it right it's beautiful to watch! Hydraulink are proud to have been a key supplier to Team New Zealand since 1995 when they brought the America's Cup back home to New Zealand, and have been with them ever since. Hydraulink and Team New Zealand designers and engineers have spent hundreds of hours designing and testing the hugely technical and complex hydraulic control systems. Hydraulink's expertise in this area is invaluable and coupled with the fact they are New Zealand's only owned and operated hydraulic fitting manufacturer, it's a perfect match. With even Jimmy Spithill boasting they brought over a dozen builders from Warkworth for the Oracle boat, New Zealand is still considered the cream of the crop for our technical know-how and expertise – punching above our weight!

*If you're helping someone and expecting something in return,
you are doing business, not kindness.*

More Hire Additions

We will finally have delivery of a brand new Genie electric scissor lift by the time you read this newsletter. With an 8 metre platform, 10 metre work height and a 1 metre roll out, extendable floor, there won't be much you can't reach with this. Kevin has just completed construction of a custom braked trailer for it as well so give us a call if you feel like going up in the world!

Big News Husqvarna Autumn/Winter Promo

The amazing Husqvarna deals we have available at the moment are making the saws fly out the door! All these deals below are valid until 31st of July, but with some models of saws already sold out and on backorder, I would suggest getting in sooner rather than later to secure one for yourself.

If you're needing a new bar for your saw, you won't beat this deal. Starting from the little 10" pole saw bars right up to the massive 42" logging bars, Husqvarna will give you a FREE chain with every bar sold! Call in now and ask one of our team.

FREE
with selected
chainsaws!

We talked about this last month, but it is so amazing, it's worth another mention! Quite simply, this is the best giveaway promo I have ever seen Husqvarna do.

The \$330 safety equipment package that comes with selected saws is well worth checking out. It comes with Husqvarna Pro Chaps, premium earmuffs, Clear X safety glasses and a Husqvarna baseball cap. Starting from only \$719 for the

Husqvarna 135e it is amazing value! The other saws that you also get this safety kit for free with are the 440E for \$879, 445 II for \$1,019, & the 455R-AT for \$1,349.

The top-handle, arborist saw models

T536LiXP Battery saw and the
T540XP II come with a Husqvarna
gear bag, Husqvarna Technical
Extreme jacket and a
Technical Extreme shirt valued at \$659!

Then there is up to \$300 cash back on all other models. The cashback comes in the form of a pre-loaded VISA Prezy card to spend wherever VISA is accepted.

The battery range of Husqvarna products is really starting to gain some traction. Not only with the home user, but the farming and horticultural operators really love the speed, lightness and power of these products. In many cases the battery products out-perform the petrol equivalent, which surprises many. Call in and check out the power, quietness and ease of operation of the comprehensive range of Husqvarna battery products. With the extra bonuses you get with your purchase at the moment, it is especially worthwhile.

If prison inmates fall in love, do they finish each other's sentences?

Thought For The Month: Far too many people are looking for the right person, instead of trying to be the right person. ~ Gloria Steinem

Have a great month. All the best from your friendly team at
Lowes Hire and Engineering – “so much more than just a hire centre...”
