DAB & DAVEY PUMPS ~ FIRE EXTINGUISHERS ~ AEGIS VIRGIN OILS

FEBRUARY
2018

To Our Valued Customers,

Well here we are into February and this is the first newsletter since November 2017. Talk about slack!! But not really – it's your fault – you see, you have been keeping us all so busy we have had no time for anything – not even a newsletter. So here we go, back into the flow, speaking of which there has been a fair bit of brown water flowing down both rivers over the last 12 – 24 hours. Thankfully it was contained by the stop banks, especially the Otara river which wasn't far from the top.

Last month Raewyn and I attended her nephew's wedding in Brisbane and boy was it warm – 30+ degrees. Then we came home and it was equally hot here. Brisbane is a clean and beautiful city with some amazing amenities like the South Park Reserve and the Botanical Gardens. The water taxis make getting around easy and economical too. A pleasant place to spend a few days.

Love is blind, but marriage restores sight.

"Husqvarna Ready when You Are" promotion

This has been the very best Husqvarna has done, 19 pages of great specials. As a result we have sold more Ride-ons, push mowers, chainsaws, weed eaters etc than ever before. That is why it has been extended. The specials cover the whole Husqvarna range, including petrol powered, battery powered and the new water blaster range.

If you haven't received your 19 page copy of the promo, call in and get one from us, or go to www.husqvarna.co.nz and view the specials on line.

You won't believe the prices – Weedeaters from \$194 (normally \$279), Brushcutters from \$799, 2-Stroke Blowers from \$319, Hedge Trimmers from \$499 and 4 metre reach pole saws for \$1369.

Then there are the mowers, like push mowers from \$599, 19" contractors' model for \$949 and now a 19" self-propelled machine for just \$949. Also, if you bring in your trade in push mower, going or not, another \$60 comes off these already sharp prices.

Ride-on mowers are from \$3799 for a side delivery model and from \$4999 for the rear bag catcher models. Pivot steer riders from \$7499, and the very popular Zero Turn ride-ons from just \$5799.

Then there is the very convenient battery range including chainsaws, weedeaters, hedge trimmers, push mowers, pole saws, blowers and even a ride-on. Yes a battery ride-on! I have one of them at home and it is just brilliant. And for those who just don't like mowing at all, there are the auto mowers. Husqvarna have been the largest seller of these for over 20 years. They are amazing.

Lastly, the Husqvarna range of waterblasters is proving very popular and with a starting price of \$199 it is not surprising. For these and more specials, check out the brochure.

More hot Husqvarna news

We have managed to get some more of the very popular 236 chainsaws, 36cc 14" bar for just \$329 incl. GST. No wonder it is the biggest selling chainsaw on the market.

Let your smile change the world. Don't let the world change your smile.

Job opportunities

As mentioned at the start, we have been struggling to keep up with the workload lately and so are on the lookout for some competent people to join our friendly team.

1. Front office administrator – processing job cards, accounts receivable, phone, counter serving etc. Must be competent with accounts.
2. Small motor mechanic – Working on both 2 & 4 stroke machines, mowers, weed eaters, chainsaws, ride ons etc.

Thought For The Month:

Build someone up. Put their insecurities to sleep. Remind them they are worthy. Tell them they are special. Be a light in a too often dim world.

Have a great month. All the best from your friendly team at
