APRIL
2018

To Our Valued Customers,

Wow, what a busy month it has been. Here we are half way through the month and we are only just getting this and the accounts to you. Opotiki and the coast are definitely on a roll at present and as a result we have been flat out.

I know it happened last month, but because I didn't manage a newsletter I never got to acknowledge the superb efforts of Mark & Catriona White. These 2 not only produce award winning children but an award winning organic orchard as well, taking out the top prize at Balance farm awards - What a tremendous effort. Well done for putting Opotiki in the news for all the right reasons.

Peter Drucker said this, which I reckon applies here, "The better a man is, the more mistakes he will make, for the more new things he will try. I would never promote into a top level job a man who was not making mistakes – otherwise he is sure to be mediocre." These two are far from mediocre.

Hitachi Power Tools Specials

We have been users of, and agents for, Hitachi power tools for over 25 years, so feel qualified and confident in recommending them. Whether it is battery or 240 volts, the Hitachi range is comprehensive and top quality.

We are using more and more of the lithium battery range in the workshop and for hire. The drills, grinders and impact guns perform really well and are so convenient. No need to look for an extension lead. Come in and pick up a catalogue showing Hitachi's extensive range, especially the battery kits for the builders.

Life is the most difficult exam. Many people fail because they try to copy others, not realising that everyone has a different question paper.

Husqvarna Autumn/Winter Sale

This is now in full swing and with winter just around the corner it is the right time to be buying. Firstly, the best value, biggest selling 38cc chainsaw in NZ, the Husqvarna 236E is excellent buying at \$329 incl. GST.

Ask about the 5-year domestic warranty on Husqvarna products – the best warranty in NZ. Trade-in guarantee on selected saws. There is a minimum \$100 trade in on your old saw – going or not! This guaranteed trade-in increases to \$250 on the larger saws in this promo. So now is the time to trade up to a quality, new Husqvarna.

The other great deal is the free safety kit valued at \$330 on other selected saws. This is a great value package including chainsaw chaps, quality earmuffs, safety glasses and a Husqvarna cap.

There are discounts also on some of the popular battery range of chainsaws too. So come in, and pick up this 15 page brochure that is full of great deals across the complete Husqvarna range, or check it out on the Husqvarna website – www.husqvarna.com/nz

*FREE Safety Starter Kit with eligible Chainsaw purchase, includes: Premium Earmuffs, Protective Glasses, Pro Chaps with Saw Protection & Baseball Cap. Offer valid 01/04/2018 - 31/07/2018 strictly while stocks last, at participating Husqvarna Servicing Dealers.

Staff news

It is a big welcome to Dianne Breaker who joined us last month. You will encounter Dianne's pleasant manner either over the phone or at the counter – either way she does it well.

Job Opportunities

Diesel Mechanic / Small motor Mechanic

We have a full time position for someone qualified in either of the above positions. If you fit the requirements and would like to join our great team, send us your CV. We look forward to hearing from you.

Briggs & Stratton Inverter Generators

These are excellent value, quiet and very economical.

Powersmart Mode automatically adjusts engine speed to save fuel and run longer and Inverter technology produces smoother power for sensitive electronics.

2kVA for \$1399 or the 3kVA for \$1999.

Also available, for \$199, is a parallel kit so you can run 2 x 3kVA in parallel.

We have put a 3kva into our hire fleet with customers preferring it over our standard generators because of the above mentioned features.

Thought For The Month:

If you think you are confused, consider poor Columbus:
He didn't know where he was going when he started.
When he got there, he didn't know where he was.
When he got back, he didn't know where he had been.

Wherever you go,

Have a great month. All the best from your friendly team at

Lowes Hire and Engineering – “so much more than just a hire centre...”
